Inédito no Brasil, o relato de Tchekov é uma contundente denúncia do sistema prisional russo do século XIX e um feito literário impressionante. Tradução de Rubens Figueiredo.

Um jovem médico empreende uma viagem até os confins da Rússia para documentar as terríveis condições de vida dos condenados a trabalhos forçados em uma ilha-presídio. Uma jornada extenuante e quase fatal que o fez regressar com um dos textos mais impressionantes da literatura de não ficção em todos os tempos. A denúncia de um lugar onde pessoas eram descartadas. O relato de um inferno - cercado de água, frio e desumanidade por todos os lados.
