A NOTE FROM THE AUTHOR

Bonjour cher reader,

Ever since European history began, we Brits have been happily engaged in our national pastime - annoying the French. And the past couple of years have shown that this annoying never stops. To give just three examples:

After a mid-Atlantic collision between French and British nuclear submarines, France's Minister of Defence seemed to blame the accident on ... shrimps.

When French political superstar Dominique Strauss-Kahn was arrested in New York, France's establishment was outraged. It soon emerged that sexual harassment was regarded as a basic human right by the country's male élite. (This theme provided so much excellent material that I decided to include it in the plot of my soon-to-be published novel, *The Merde Factor*.)

And when David Cameron walked out of a Eurosummit, a French politician accused him of being 'like a man at a wife-swapping party who refuses to bring his own wife.' Yes, a very French image, and it just one of the many anti-*Anglais* insults that came flying across the Channel.

You will find all this, and much more, in **Annoying the French Encore!** Because, for the French, the *merde* never ends.

Yours historically,

Stephen Clarke, Paris, August 2012

'Tremendously entertaining' *Sunday Times*

'Relentlessly and energetically rude' *Mail on Sunday*
