Voici le dernier volet d'Antarès, une série dans laquelle Leo imagine de nouvelles aventures à Kim, une brillante jeune femme que les amateurs du scénariste connaissent bien... Dans ce sixième et dernier tome, l'expédition dirigée par Jedediah dans le but de coloniser la planète Antarès tourne au cauchemar. L'ultra-religieux, aveuglé par ses convictions, provoque de nouvelles tensions au sein de l'équipe. Cela permet à Kim de reprendre la main et, grâce aux liens qui l'unissent à l'extraterrestre Sven, de poursuivre son combat acharné pour retrouver sa fille. Ce sixième volume d'Antarès apporte une superbe conclusion à ce troisième cycle des Mondes d'Aldébaran; une BD de science-fiction pour les amateurs de grande aventure !
