'I've been on six-week tours of America and it breaks you open, but to do it straight off the bat, in the middle of winter, with three new girls... I was thinking, *If we survive this, it'll be a miracle...* but it was the best time we've ever had.'

The first official book from Noel Gallagher, this is the behind-the-scenes story of his biggest ever solo tour and the making of the critically-acclaimed album *Who Built The Moon?*.

Join Noel Gallagher's High Flying Birds as they embark on the Stranded On The Earth world tour - a phenomenal year-long journey around the globe, taking in dates across the USA,

Canada, UK, Ireland, Europe and Southeast Asia.

With photography by Sharon Latham, who was granted unprecedented access, this fully illustrated book documents life on the road for one of the world's most successful artists; featuring unseen images and candid interviews with Noel and the band.
