Best Areas of Seattle, Washington  
Focusing On Zip Codes of That Metropolitan Area

Imagine you are moving to Seattle or thinking of starting a business. How do you figure out the best area for you in a city? Well, what are you looking for? Do you want to move to the rich part of town or something more affordable? Do you want to open your business where people spend a lot on food? How do you find those areas?

This book looks at Zip Codes within the Seattle Metropolitan Area and compares them to the metropolitan area as a whole. It points out all the major differences between the two for every Zip Code! You'll see Zip Codes where the incomes are different from the city's average, or have higher concentrations of certain ethnic groups, or spend more on tobacco than others, or give more to charity.

This book does NOT have descriptions of each Zip Code, just detailed differences between the Zip Code and the metropolitan area. It shows you where to go -- "Birds of a feather flock together" - now you know where the different flocks are located!
