Lord Krishna's supreme word, the Bhagavad Gita, is revered by Hindus as the true guide to not only spirituality and self-realization, but also to living life while steadily established in such self-realization, and finally to achieving liberation from this endless cycle of birth and death that seems to be the destiny of mankind.

The Gita, a part of the Mahabharata epic, is a timeless classic written by Ved Vyasa thousands of years ago. And to this day, its metaphysics continue to absolutely astound! Such profundity of concepts, such remarkable lucidity in explaining abstract concepts such as consciousness, the self, the Absolute! And most incredibly, the Bhagavad Gita teaches, instructs and uplifts without resorting to any limiting, dogmatic notions of religion - and because of that, it is truly a supreme guide beyond any earthly boundaries!
