Pacifique, 1943. La guerre fait rage entre le Japon et les États-Unis. Les quelques rescapés d'un affrontement en mer échouent sur une petite île. Leur situation, déjà pas brillante, bascule dans l'horreur quand ils sont attaqués par des créatures, plus zombies que japonais... bientôt le caporal Joseph Gregovitz reste seul survivant. Mais le pire est encore devant lui : l'île abrite un laboratoire militaire japonais où les cobayes ne sont d'autres que... des humains. La course pour la vie commence.
