Dos costumes ancestrais às violentas reviravoltas do comunismo, a China passou, em algumas décadas, por uma das mais radicais e amplas transformações já vistas na história da humanidade. Mergulhando nas memórias familiares de três gerações de mulheres, *Cisnes selvagens* é o relato verdadeiro, com todos os acentos do drama épico, de uma família que tenta preservar a própria humanidade em meio à vertigem e ao horror da trajetória da China no século XX.
