Datado de 1866, este é o primeiro dos grandes romances que Dostoiévski escreveu já em plena maturidade literária, sendo provavelmente a mais bem conhecida de todas as suas obras. Recriando um estranho e doloroso mundo em torno da figura do estudante Raskólnikov, perturbado pelas privações e duras condições de vida, é uma das obras por excelência fundadoras da modernidade. Pelo inexcelável alcance e profundidade psicológica, sobretudo no que implica a exploração das motivações não conscientes e a aparente irracionalidade nos comportamentos das personagens, este autor russo tornou-se uma referência universal na literatura, sem perda de continuidade até aos nossos dias.
