"Dias de Luta - o Rock e o Brasil Dos Anos 80" é o registro de um período único da música brasileira. Na década de 1980, entraram em perfeita sincronia uma geração de artistas talentosos e uma indústria fonográfica ávida por novidades. Essa combinação, somada a um momento histórico propício a rupturas e recomeços, transformou o rock brasileiro em um fenômeno de massa inédito no país. Os jovens roqueiros tornaram-se popstars. A música cosmopolita tomou conta das rádios e das TVs. O rock virou um grande negócio. A história do rock brasileiro dos anos 80, da ascensão à queda, é reconstituída com precisão pelo jornalista Ricardo Alexandre.
