Digital Minimalism

On Living Better with Less Technology

Cal Newport

'This book is an urgent call to action for anyone serious about being in command of their own life' Ryan Holiday, author of *The Obstacle is the Way*

**'An urgent call to action for anyone serious about being in command of their own life' Ryan Holiday**

-----

**Read *Digital Minimalism* and you'll never again mindlessly sacrifice your productivity to clickbait or lose 40 minutes of your evening to your Instagram feed.**

In this timely and enlightening book, Cal Newport introduces a philosophy for technology use that has already improved countless lives.

Digital minimalists are all around us. They're the calm, happy people who can hold long conversations without furtive glances at their phones. They can have fun with friends and family and eat out at restaurants without the obsessive urge to document the experience...

Now, Newport gives us a name for this quiet movement and makes a case for its urgency in our tech-saturated world. Drawing on a diverse array of real-life examples, from Amish farmers to harried parents to Silicon Valley programmers, Newport identifies the common practices of digital minimalists and the ideas that underpin them.

*Digital Minimalism* will teach you how to rethink your relationship to social media and rediscover the pleasures of the offline world. It'll help you implement a thirty-day 'digital declutter' process, making sure you're in control of your tech and not the other way around.

-----

**'Cal's call for meaningful and engaged interactions is just what the world needs right now.'**  
**Daniel Levitin, author of *The Organised Mind***
