Mais um livro da série Mortal. Neste volume, a destemida tenente Eve Dallas enfrenta um dos casos mais inusitados da sua carreira nesse romance da série policial. A tecnologia pode ser diferente na Nova York do ano 2060, mas, como sempre, alguns assassinatos recebem mais atenção que outros — especialmente quando a vítima é um famoso empresário morto em seu apartamento, amarrado à cama e estrangulado por cordões de veludo. Apesar de todos na cidade falarem do assunto, as pessoas ligadas a ele não parecem tão dispostas a fazer o mesmo. Terá sido uma morte provocada por uma sessão de jogos sexuais que resultou em um crime passional — ou terá sido uma execução muito bem planejada? Cabe a Eve Dallas resolver este caso, em que a estranheza permeia todas as circunstâncias e ligações surpreendentes podem surgir de formas inesperadas... e mortais.
