Ce Mémento rend compte de toutes les dimensions de la problématique financière propre aux collectivités territoriales françaises : communes, départements, régions, processus d'intercommunalité, spécificités ultramarines...

Il évoque par ailleurs toutes les positions des acteurs locaux, qu'ils soient élus, fonctionnaires territoriaux, préfets, magistrats financiers, usagers, contribuables, banquiers... tant sous l'angle du Droit que sur le plan de la Gestion, parfaitement complémentaires l'un de l'autre dès lors qu'il est question de finances publiques.
