**A feel good love story where sometimes first impressions can be very wrong ... Perfect for the fans of Miranda Dickenson and Paige Toon.**

Valentina Harrison is a PA at an international advertising agency but when her boss disappears, James Spencer is flown in from the New York office to take over the helm.

James is handsome, successful and arrogant, Valentina is intelligent but, compared to the other fashionistas in her Milan office, rather plain and different. Because of this James treats her with contempt; needless to say Valentina can't stand him.

As their work brings them closer together, James and Valentina discover that first impressions can be wrong, so very wrong...
