#1 New York Times Bestseller

With extraordinary access to the West Wing, Michael Wolff reveals what happened behind-the-scenes in the first nine months of the most controversial presidency of our time in *Fire and Fury: Inside the Trump White House*.

Since Donald Trump was sworn in as the 45th President of the United States, the country—and the world—has witnessed a stormy, outrageous, and absolutely mesmerizing presidential term that reflects the volatility and fierceness of the man elected Commander-in-Chief.

This riveting and explosive account of Trump's administration provides a wealth of new details about the chaos in the Oval Office, including:

- What President Trump's staff really thinks of him
- What inspired Trump to claim he was wire-tapped by President Obama
- Why FBI director James Comey was really fired
- Why chief strategist Steve Bannon and Trump's son-in-law Jared Kushner couldn't be in the same room
- Who is really directing the Trump administration's strategy in the wake of Bannon's firing
- What the secret to communicating with Trump is
- What the Trump administration has in common with the movie *The Producers*

Never before in history has a presidency so divided the American people. Brilliantly reported and astoundingly fresh, *Fire and Fury* shows us how and why Donald Trump has become the king of discord and disunion.

"Essential reading."—Michael D'Antonio, author of *Never Enough: Donald Trump and the Pursuit of Success*, CNN.com

"Not since Harry Potter has a new book caught fire in this way...[*Fire and Fury*] is indeed a significant achievement, which deserves much of the attention it has received."—*The Economist*
