După „Ion”, „Răscoala” și „Pădurea Spânzuraților”, acest controversat roman „Gorila” încheie o tetralogie care oferă cel mai viu și, cred, mai adevărat tablou al vieții românești interbelice. Ele au o construcție simetrică, similar descind dintr-un capitol introductiv alcătuit cu mare rafinament ca să cuprindă majoritatea personajelor și să se poată trage toate firele acțiunii.

.....

Denumirile grupărilor politice folosite au un caracter vag evocator, fără a face trimiteri explicite la realități istorice exacte. Dar Rebreanu e realist chiar fără să vrea. Jocul complex al forțelor sociale, sinceritatea totală în surprinderea caracterelor și relațiilor, amestecul de generații, de rutină, oportunism și exaltare pictează un tablou fascinant, greu de uitat.

<b>Title</b>	:	GORILA
