Bayla's destiny had been set from the beginning. Nothing changed when the sexy Zandian doctor purchased her from the baby farm and brought her to his examination room. Nothing. And everything.

Daneth has always lived in his head, letting science govern his thoughts and choices. Having Bayla in his lab shouldn't change that, but somehow the submissive human female gets under his skin. No matter how harshly he punishes her, she responds to his touch with passion, sparking a lust that threatens to distract him from his plans.

When Bayla learns Daneth has a weakness for her, she presses her advantage, but she has no desire to bear yet another child and have it taken from her arms. If only she could figure out how to stay with the dominant alien doctor but avoid the pregnancy...

This is the fifth book in the Zandian Masters Series by Renee Rose.
