This edition does not include photographs.

The biography of Kiri Te Kanawa, one of the most well-known and well-loved personalities in music, revealing for the first time the dramatic story of her origins, career and marital life.

Dame Kiri Te Kanawa exudes an exoticism, glamour and appeal unmatched by any other diva of her generation. She is the most widely recorded and most instantly recognisable female face in the world of classical music. Yet there are few among her followers who really know the amazing story behind the public figure.

Kiri has brought opera's most passionate and powerful roles to memorable life. More than any other woman she has been responsible for broadening the appeal of opera and serious music. *Kiri: Her Unsung Story* charts her remarkable rise from unwanted baby and raw prodigy to polished performer; from national celebrity when, at just twenty-two, she left her homeland, to international icon. Sydney, La Scala, Covent

Garden, the New York Met and her scene-stealing performance at the Prince and Princess of Wales's wedding in 1981 - Kiri has risen to the pinnacle of her profession.

Born Claire Mary Teresa Rawstron fifty-five years ago, the illegitimate daughter of an Irish immigrant and a Maori, Kiri was adopted when she was six months old. For many years she never knew where she came from or who her real parents were. The moving and unforgettable story that is her real life is told for the first time. The highs, and the lows - her volatile private life, the backstage fighting, her two miscarriages and her failure to have children, and the eventual break-up of her marriage to Australian mining engineer Desmond Park - are revealed together with the full details of her past.

## Reviews

'An honest picture... told in vivid detail'  
Sunday Telegraph
