There's no such thing as a free lunch : la phrase le dit bien, rien n'est vraiment gratuit. Pas même les échantillons qu'une entreprise peut distribuer, ou les versions d'essai de logiciels. En réalité, il s'agit d'un des meilleurs moyens d'attirer le client et de l'inciter, à moyen terme, à acheter le produit qu'il aura pu découvrir gratuitement. Apposer une version gratuite (free) et une version payante plus aboutie (premium) : c'est là, en substance, ce que prône le freemium.

Devenez incollable sur ce modèle en 50 minutes et découvrez comment réussir à convaincre de façon subtile mais efficace un maximum de clients à passer en version premium !
