## Antoine Bello Les funambules

Chacune de ces nouvelles raconte une histoire extraordinaire : celle de Maximilien Zu, dont le dernier roman ne comptait que 89 mots et dont la trilogie fut réunie en un coffret de 4 pages ; celle de l'équilibriste Soltino, qui tendait son fil de plus en plus haut ; celle de l'astronaute Jim Mute, qui embarqua seul à bord d'une capsule vouée à tourner éternellement autour de Jupiter ; celle du sculpteur de mannequins Kreuzer, dont chaque œuvre rendait caduque la précédente ; celle de l'exégète Fiodor Sadarov, qui consacra sa vie à une lecture politique des écrits du joueur de quilles Igor Krybolski. Cinq destins hors du commun, cinq funambules lancés à la poursuite d'une perfection inaccessible.
