Au XVe siècle, lorsque les Espagnols découvrent les Hautes Terres du Guatemala ou la péninsule du Yucatàn, il y a déjà près de sept siècles que s'est éteinte la splendeur classique maya. Les cités, en ruines, dévorées par la forêt tropicale, ne seront redécouvertes qu'à partir du XIXe siècle.

Au-delà du cliché d'un empire dont le peuple, tantôt laborieux et pacifique, tantôt cruel et sacrificateur, se serait dédié à la seule contemplation des astres, cet ouvrage fait le point des connaissances sur cette grande civilisation mésoaméricaine.

**LES MAYAS**

Paul Gendrop
