" Un document de premier ordre qui enchantait le grand historien militaire britannique que fut Liddell Hart. " *Le Figaro Histoire*

Les Mémoires du maréchal von Manstein comptent parmi les documents les plus importants sur la Seconde Guerre mondiale. Véritable pompier du Führer, Manstein est partout entre 1940 et 1943 : en Pologne, en France et bien sûr en Union Soviétique.

Il raconte les querelles stratégiques, la mise au pas du haut commandement militaire par Hitler, le quotidien des soldats et ses propres faits de gloire. Mais Manstein cherche aussi à dédouaner la Wehrmacht des crimes perpétrés sous le nazisme, notamment à l'Est. C'est sur ce point que les éclaircissements apportés par Pierre Servent, dans sa substantielle présentation, sont particulièrement précieux.

" Un document de premier ordre qui enchantait le grand historien militaire britannique que fut Liddell Hart. "
