Le tournant de la guerre dans le Pacifique

Depuis le 1er septembre 1939, la guerre fait rage. Elle s'est répandue comme le faisait la peste noire au Moyen-Âge, contaminant tous les êtres et toutes les terres. Une abjecte pandémie que rien ne semble pouvoir entraver. Même les États-Unis d'Amérique ont été avalés par la déferlante guerrière qui embrase le monde. Mal préparée et sous armée, la première puissance industrielle du monde est au bord du gouffre quand, en juin 1942, va se dérouler, au beau milieu du Pacifique, sur le minuscule atoll perdu de Midway, la plus extraordinaire bataille aéronavale de l'histoire.
