Molly Moccasins is a new kind of book series encouraging all young adventurers to read, play, think, investigate and imagine in their everyday lives while supporting early learning and literacy development. Within each story, Molly's toes tingle in her special moccasins inspiring adventure and reminding her that, "a curious mind is never bored."

In this story, Molly and her mother make a terrific piece of silly art and wish to keep it somewhere. It turns out Molly's mother has just the place—the memory box of all things Molly. Molly had never seen the box before so loves going through all of the items within. Molly soon discovers that it is almost impossible to remember everything in a life-time, so keeping a memory box is a great way to keep fun memories alive!

This version also includes:
- read aloud functionality

- text highlighting
- animated featurette (*a little movie of the story*)
- story related activities
- fun facts

The creators of Molly Moccasins are dedicated to helping children around the globe so, for each story purchased, a story will be given to a child in need—story for story.
