MySAP est le logiciel leader sur le marché des progiciels de gestion intégrés.

Successeur de SAP R/3, mySAP ERP est une suite intégrée d'applications de gestion relatives à la finance, aux services d'entreprise, aux applications analytiques, aux fonctions de self service et à la gestion des ressources humaines et des opérations.

MySAP ERP est scindé en deux parties : d'un côté, les flux de matières, les commandes, les services, achats et ventes et, de l'autre, ce qui tourne autour, à savoir les données techniques, la production, la maintenance, les aspects réglementaires et les nomenclatures.
