De Collor a Dilma, do caso Magri à Lava-Jato, tudo o que Ricardo Molina, um dos mais experientes peritos do país, viu e ouviu em mais de vinte anos. Em O Brasil na fita, o autor não só relembra dezenas de episódios controversos que investigou, como o faz botando o dedo (as digitais) nas feridas. Nada escapa ao seu olhar, que repassa um quarto de século - de 1992 a 2016, do governo Collor ao de Dilma Rousseff, incluindo a análise inédita dos áudios da Lava-Jato -, ao mesmo tempo em que apresenta ao leitor, sem afetação, o que é ser (o que faz) um perito.
