Formé à la psychanalyse avant de l'être à la psychiatrie, Paul-Claude Racamier a été l'auteur français le plus créatif et le plus engagé dans le traitement des psychotiques, il fut le créateur de structures hospitalières originales. Partant du soin aux patients, il en a étendu la portée aux familles, aux soignants et aux institutions dans un projet de restitution à chacun de ses capacités de croissance, d'individuation et d'adaptation psychiques. Il en a rendu compte dans *Le psychanalyste sans divan* (1970).
