QUESTION DE DISTANCE
DANS LA RELATION ÉDUCATIVE

L'ensemble des idées ici exposées montre le poids de la subjectivité dans la relation éducative et l'exigence de la remise en question chez l'usager comme chez l'éducateur dans le processus d'accompagnement. Ce livre amène inévitablement à s'interroger sur sa pratique éducative donc à ce qu'on apporte de son histoire à soi dans la relation aux usagers.
