

# Télécharger Livres Gratuit *Quests, Maps and Choices in Torment: Tides of Numenera* (PDF | ePub | Mobi) Jacek Halas & GRY-Online S.A. download-free

*Torment: Tides of Numenera* includes essential information needed to understand game mechanics of the latest game by inXile studio. The guide was divided into two main parts: an **in-game guide** and a **walkthrough**. The game guide provides information on the most important elements of the game. A significant amount of details was devoted to game mechanics such as **combat system**, **skill checks** and **dialogues**.

Several chapters were devoted to the complex **process of character creation**. All the available **character classes** and additional **modifiers describing the main hero** were also listed. In addition, a chapter concerning potential **companions** was prepared. Beginners will find **the glossary**, which helps to become accustomed with the specific and complex game world, very helpful.

The other part of the guide includes a description of all the available **quests and activities**. Every major location has a **specially prepared map**, with all the important locations and characters marked. An appropriate sub-chapter of the map includes a description of all the available **quests and activities** in a given location, and information on the starting

point, how to unlock it and how to complete it. A separate chapter was devoted to **the world map** and suggestions on how to explore its areas.
