Radical Candor is the sweet spot between managers who are obnoxiously aggressive on the one side and ruinously empathetic on the other. It is about providing guidance, which involves a mix of praise as well as criticism, delivered to produce better results and help employees develop their skills and boundaries of success.

Great bosses have a strong relationship with their employees, and Kim Scott Malone has identified three simple principles for building better relationships with your employees: make it personal, get stuff done, and understand why it matters.

*Radical Candor* offers a guide to those bewildered or exhausted by management, written for bosses and those who manage bosses. Drawing on years of first-hand experience, and distilled clearly to give actionable lessons to the reader, *Radical Candor* shows how to be successful while retaining your integrity and humanity. *Radical Candor* is the perfect handbook for those who are looking to find meaning in their job and create an environment where people both love their

work, their colleagues and are motivated to strive to ever greater success.
