Religião para ateus, a obra mais recente do autor, parte da premissa de que, com ou sem fé, é possível encontrar aspectos úteis, interessantes e consoladores nas religiões. E examina as possibilidades de transferir algumas dessas ideias e práticas para a vida secular. Nesse livro provocante e original, Alain de Botton sugere que a sociedade contemporânea tem muito a aprender com as religiões ao tratar de questões como vida em comunidade, moralidade, educação e arte. Ao descartar os dogmas e o sobrenatural, o livro resgata uma sabedoria que pertence a toda a humanidade, inclusive aos mais céticos.
