Le rock et la philosophie s'accordent-ils ? Évidemment! La première Méditation de Descartes et le « Where is my mind ? » des Pixies posent les mêmes problématiques : le réel est-il ce que je vois ? Le message des Pensées de Pascal et celui de « Smells like teen spirit » de Nirvana est similaire : le moi est haïssable. Cet ouvrage, associant l'analyse de textes philosophiques et de textes (et musiques) de rock, propose de (re)découvrir les auteurs classiques tout en (ré)écoutant ses morceaux préférés autrement. Il passe en revue des thèmes majeurs tels que la liberté, le bonheur, l'art, le désir, etc., à travers des artistes aussi variés que les Beatles, The Doors, The Who, Noir Désir, Bob Dylan, Bashung, Led Zeppelin, Patti Smith, Radiohead, Springsteen, Marilyn Manson, Pink Floyd, Hendrix, Téléphone, Nina Hagen, Elvis, The Rolling Stones et bien d'autres encore, qui réconcilient toutes les générations.
