Shamandura Generation is an exhilarating portrait of Sharm el Sheikh's diving community. Between boats, corals and bars the characters of Shamandura Generation live and dive forgetting about their age in a surreal Egypt Riviera and a marvelous Red Sea.

A real 'Cult Book' among the Red Sea divers.

"This book took a while to get into. The author starts by explaining certain things about working and living in Sharm el Sheikh. However, once into the main part of the book, I found the content to be amusing and enjoyable, even though it is obvious there is a considerable amount of poetic licence. Just the book to take with you if you are going on a diving liveaboard or resort holiday."
