As humanity is using only a small percentage of its intelligence (capacities, potential), it is a loss for all of us not to give an receive the best of each of us. The world can benefit from brighter minds, and self aware, human beings who develop their multidimensional faculties.

As a kid, growing up, I wanted to know everything. What was the fastest way to accumulate knowledge? What was important besides grammar and arithmetic?

At 38, though I had a successful career in Marketing and Communication, I felt that something was missing so, I embarked on a pilgrimage to find authenticity, integrity, and grow my full potential.

It is now my pleasure to offer these shortcuts to the best tools on the planet to be more intelligent as a person. They happen to be the fastest ways to body-mind-spirit satisfaction.

Open your Third Eye; identify your symbols; spin your wheels of energy; awaken your breath of fire; ignite your orgasmic

body; discover your past lives; find your feminine mantra; awaken your psyche, and enjoy freedom.
