From the desolate wastes of Naggaroth the Dark Elves march forth to enslave the world. Ruled over by the heartless Witch King, they are a race of infinite cruelty and evil. Ancient sorceresses wield hateful dark magics and bathe in the blood of their victims to keep themselves young, while pitiless knights ride cold blooded steeds into battle.

Warhammer: Dark Elves presents the history and rules of the Dark Elves along with lavish colour artwork and photography of their stunning miniatures range; Warhammer: Dark Elves is the quintessential guide for fielding the cold hearted warriors of Naggaroth in your games of Warhammer.

This Digital Edition includes an interactive miniatures gallery, handy quick-links for special rules and weapons, and is automatically updated with the latest rules amendments.

The World That Was is no more, but the battle continues... Warhammer Dark Elves is designed for use with Warhammer The Game of Fantasy Battles. That game system is no longer supported, but this title remains available for those who want to recreate the epic battles of the lost world. To continue the war against Chaos in the Mortal Realms, check out Warhammer Age of Sigmar.
