

Télécharger Livres Gratuit Warhammer: Dwarfs (Interactive Edition) (PDF | ePub | Mobi) Games Workshop download-free

From their mountain strongholds the Dwarfs march forth to war. Amongst the oldest of the races of the world, the Dwarfs have endured through long centuries of conflict and turmoil. Sturdy and stoic as the mountains they mine, in battle they are implacable foes, standing their ground behind solid shield walls and glittering gromril armour. Dwarf invention makes up for the diminutive warriors' lack of speed, and Dwarf armies can boast a range of wondrous war machines, from deadly organ guns and nimble gyrocopters to flame cannons and grudge throwers. Against their hated foes, most notably the savage greenskins and cunning ratmen, the Dwarfs fight an endless war of survival, determined to reclaim their once-great realm and restore it to glory.

Warhammer: Dwarfs provides all the information you will need to collect and field a Dwarf army in your games of Warhammer. Inside this interactive book, you will find a detailed history of the Dwarf race, from its earliest days of glory to the bloody wars that define its existence, alongside a showcase of the stunning Dwarf range of Citadel Miniatures and a complete army list for mustering your very own Dwarf throng on the tabletop.

About this Edition:

This Digital Edition includes an interactive miniatures gallery, handy quick-links for special rules and weapons, and is automatically updated with the latest rules amendments.

The World That Was is no more, but the battle continues... Warhammer Dwarfs is designed for use with Warhammer The Game of Fantasy Battles. That game system is no longer supported, but this title remains available for those who want to recreate the epic battles of the lost world. To continue the war against Chaos in the Mortal Realms, check out Warhammer Age of Sigmar.
