Warhammer: High Elves is the indispensable guide to the mighty realm of Ulthuan, its regal lords and glorious armies. This book details Ulthuan's turbulent history from the first cataclysmic war against Chaos, through years of schism, decline and determined defiance, and provides you with full rules to field a High Elf army in games of Warhammer. This book also features an interactive miniatures gallery, handy quick-links for special rules and weapons, and will always be up to date with the latest FAQ's.

The World That Was is no more, but the battle continues... Warhammer High Elves is designed for use with Warhammer The Game of Fantasy Battles. That game system is no longer supported, but this title remains available for those who want to recreate the epic battles of the lost world. To continue the war against Chaos in the Mortal Realms, check out Warhammer Age of Sigmar.
