--**Jeree H. Pawl**, Ph.D. Director, Infant-Parent Program University of California, San Francisco, School of Medicine

As the founder of Resources for Infant Educators (RIE), Magda Gerber has spent decades helping new mothers and fathers give their children the best possible start in life. Her successful parenting approach harnesses the power of this basic fact: Your baby is unique and will grow in confidence if allowed to develop at his or her own pace. The key to successful parenting is learning to observe your child and to

trust him or her to be an initiator, an explorer, a self-learner with an individual style of problem solving and mastery.

Now you can discover the acclaimed RIE approach. This practical and enlightening guide will help you:

Develop your own observational skills  
Learn when to intervene with your baby and when not to  
Find ways to connect with your baby through daily caregiving routines such as feeding, diapering, and bathing  
Effectively handle common problems such as crying, discipline, sleep issues, toilet training, and much more.
